OFFICE OF THE SECRETARY TO THE PRESIDENT

New Delhi, the 31st July 1953

No. 27-Pres./53.—The President has been pleased to award the Police Medal for gallantry to the under-mentioned officer of the Hyderabad Police:—

Name of the officer and rank.—Shri Benjamin Prazer, Jamadar, Hyderabad Special Reserve Police, Hyderabad.

Statement of services for which the decoration has been awarded.—On January 29, 1953, Jamadar Benjamin Prazer was selected for confidential duty of a hazardous nature to follow up certain information received about a terrorist K. V. Muralidhar Rao *alias* Gattepalli Murali. This terrorist was an Area Commander, who had once before escaped from Sangareddi jail and committed heinous crimes such as murder, arson and loot in the districts of Karimnagar, Medak and Adilabad. He was a terror to the countryside and, even after the cessation of terrorist activities, he was going about armed and extorting money from the villagers. He was evading arrest with the help of his agents. Jamadar Prazer, acting under instructions, moved under the guise of an Oil-Engine Mechanic in Dubbapalli village, without arousing suspicion. On the evening of February 3, 1953, the wanted terrorist accompanied by an accomplice visited the house of a villager. While the terrorist was inside the house, the Jamadar took position by the side of the door and, when the former came out, he sprang on him to effect his arrest. The accomplice who was with the terrorist, dealt a blow with a lathi on the back of the Jamadar and the latter fell down. The terrorist picked up a stone and hurled it at the Jamadar, but he avoided it and fired five rounds with his revolver at the terrorist. One round hit him below the hip and he fell down. His accomplice ran away. The Officer caught the terrorist and secured him with his dhoti. Subsequently, with the help of the villagers, he arranged for his removal to Karimnagar. Jamadar Benjamin Prazer displayed commendable courage, resourcefulness and devotion to duty of a high order.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

New Delhi, the 4th August 1953

No. 28-Pres./53.—The President has been pleased to award the President's Police and Fire Services Medal for gallantry to the undermentioned officer of the Madhya Pradesh Police:—

Name of the officer and rank.—Shri Ramkrishna, Constable No. 567, District Sagar, Madhya Pradesh.

Statement of services for which the decoration has been awarded.—On the 19th October, 1952, while Constable Ramkrishna and another Constable were on night rounds, they noticed at about 0.30 A.M. two suspicious persons, and, on searching them, recovered some stolen ornaments. One of these culprits tried to escape but was chased and captured by the other

Constable. Meanwhile a desperate struggle ensued between Constable Ramkrishna and the other culprit, who made an attempt to escape by biting the Constable and when this failed whipped out a revolver and fired point blank at Constable Ramkrishna. The bullet lodged in the Constable's clavicular region and, although the wound started bleeding profusely the Constable did not loosen his grip on the culprit. His cries for help attracted two members of the public and the desperate assailant was disarmed and overpowered.

Constable Ramkrishna displayed conspicuous gallantry and devotion to duty of a very high order.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the President's Police and Fire Services Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 8th August 1953

SUBJECT:—Procedure for licensing machine tools during July-December 1953.

No. 112-ITC.(P.N.)/53.—The procedure for the grant of licences for machine tools during July-December 1953 period has been set out in the Ministry of Commerce & Industry Public Notice No. 94-ITC-(P.N.)/53 dated the 24th June 1953 reproduced as Annexure B to Section II of the Red Book for the current licensing period. Paragraph 6 of the Public Notice provides that “the procedure prescribed for the grant of licences to established importers.....will apply *mutatis mutandis* to established importers of machine tools also”, but Paragraph 10 requires all applications “to contain full descriptive details of the machine tools desired to be imported”. Descriptive catalogues are also required to be sent along with the application.

2. It has been represented that established importers will find it extremely inconvenient to comply strictly with the provisions of paragraph 10 of the Public Notice, and at the same time it has been urged that if full descriptive details are not attached to the licence importers would encounter difficulties with the Customs authorities in obtaining clearance.

3. In order to help established importers to overcome the difficulties represented by them, it has been decided that:

(a) full descriptive details of the machine tools desired to be imported need not be furnished by established importers. It will be enough if the main and leading specifications are given along with the application.

(b) To facilitate clearance at the time of import of consignments which are not adequately covered by the description given in the application, importers may, if they so desire, forward to the Development Officer (Tools) in duplicate, as and when they place orders, detailed description of each order, including detailed lists of machine tools, accessories and spares for being validated for import against quota licences already issued. The Development Officer (Tools) will scrutinise the detailed lists and return them to the licence-holder after indicating thereon the extent to which the goods described therein would be cleared against the quota licences.

4. Established importers who are unable to avail themselves of the above facility will have the option to apply for licences for machine tools in the manner prescribed in paragraph (e) of Commerce & Industry Public Notice No. 16-ITC(P.N.)/52 dated the 1st March 1952 using the form of application prescribed for the period January-June 1953 *vide* Schedule ‘C’ to Machine Tools Annexure in the Red Book for January-June 1953.

5. As regards actual users, there seems to be some misapprehension that under para 8 of the Public Notice referred to in para 1 above, they will be permitted to put in only one application during the current licensing period. This is not the intention and there is no objection to their putting in more than one application according to their requirements.
